## Introduction

First issued in August 2001, The PAL lists all known medium wave broadcasting stations in southern and eastern Asia and the Pacific. It covers an area extending as far west as Afghanistan and as far east as Alaska, or roughly one half of the earth's surface! It now lists over 4000 stations in 60 countries, with frequencies, call signs, locations, power, networks, schedules, languages, formats, networks and other information. The log also includes longwave broadcasters, as well as medium wave beacons and weather stations in the region.

Since early 2005, there have been two versions of the Log: a downloadable pdf version and an interactive on-line version. Both are updated every few months and are available at no cost. There are two listings in the log, one sorted by frequency and the other by country. The on-line version allows the user to search by frequency, country, location, or station. It and the pdf versions can be found at the Radio Heritage website at: <http://www.radioheritage.net/PAL.asp>.

## Acknowledgements

My sources of information include DX publications, DX Clubs, E-bulletins, e-mail groups, web sites, and reports from individuals. Major online sources include Arctic Radio Club (ARC), Australian Radio DX Club (ARDXC), British DX Club (BDXC), various Facebook pages, KiwiSDR online receivers, Hard Core DXing (HCDX), Indian DX Club (Asian DX Review), International Radio Club of America (IRCA), Medium Wave Circle (MWC), mediumwave.info (Ydun Ritz), National Radio Club, New Zealand DX Radio League (NZDXRL). DXing.info (Mika Mäkeläinen), RealDX email group, South East Asia on Medium Wave (Alan Davies), dx\_india e-mail group, and World of Radio (WOR).

The following persons provided material that was used to update this edition of the PAL: Jeroen Bet (US), Theo Donnelly (Canada), David Kaio (New Zealand),

Much information was also obtained from web sites for government agencies, radio stations, networks, industry groups, and other organizations

The map on the cover was created by the Central Intelligence Agency and obtained via the Library of Congress.

## Abbreviations & Comments

**Frequency:** All stations are listed to the nearest kHz. I've noted deviating stations with a "v", those which are currently inactive with a "\*\*", and future stations (not yet on the air) with an "f". A "?" means current status (active or inactive) is unknown. See the comments column for additional details.

**Call:** The station's government-assigned call letters (applicable mainly for Australia, Japan, Korea (South), Philippines, Taiwan, and U.S. stations)

**Network/ Slogan:** This is generally the Network or Station name as announced on the air or in documentation.

ABC Australian Broadcasting Commission, AFN American Forces Network (U.S. Military), AIR: All India Radio, BCC: Broadcasting Corp of China (Taiwan), Bctg, Bcing: Broadcasting (BC=Broadcast), BS: Broadcasting Station, CBS: Christian Broadcasting System (Korea), CBS: Central Broadcasting System (Taiwan), CNR: China National Radio, CRI: China Radio International, JGD: Jingji Guangbo Dientai (China), KBS: Korean Broadcasting System, KCBS: Korean Central Broadcasting Station (N Korea), LNR: Lao National Radio, MBC: Munhwa Broadcasting Corporation (South Korea), NBC: National Broadcasting Corp (Papua New Guinea), Net: Network, NHK: Nippon Hoso Kyokai (Japan), R: Radio (RS:Radio Station), RGD: Renmin Guangbo Dientai (China), RRI: Radio Republik Indonesia, VoV: Voice of Vietnam.

**Location:** As shown in government lists, station/network web sites, or on-air announcement. Sometimes the transmitter site is shown in parentheses if it's in a district or outlying community of a large city.

**Adm:** The state, province, prefecture, oblast, county, borough, autonomous region, territory, island, etc. where the station is located.

**Power:** Power is in kW, d indicates directional antenna (see comments for more details, where available). Powers were obtained from government lists, station documents/websites, on-air announcements, and other "reliable" sources. See below for information on directional arrays

**Comments:** This column lists miscellaneous information, including schedules, technical information, program information, current status, future plans, shortwave/mediumwave/FM parallels, etc.

**Languages:** CC-Chinese (Mandarin), EE-English, FF-French, GG-German, JJ-Japanese, KK-Korean, RR-Russian. Other language names are written in full. No language info usually means the station broadcasts in the country/region's dominant language(s), such as English in Australia, Tagalog in the Philippines etc. Ethnic generally means the station broadcasts in several different languages.

**Schedule:** All times are in UTC, except where noted (LT=local time). Some schedules may shift by one hour during local summer. 24h means 24 hours. Days of the week are intended to be UTC, and may not be the same as local dates, i.e. 0100 local time on Monday in Japan is actually 1600 Sunday UTC.

FM: usually refers to FM parallel, based on monitored or published information, but the AM and FM may not always simulcast

**News Networks/relays:** BBC-British Broadcasting Corp., AP-Associated Press (US), NPR-National Public Radio (US), ABC/CNN/CBS - US news networks, R.A ABC-Australian BCing Commission or American BCing Company, RNZ-R New Zealand, DW-Deutsche Welle, SRN: Super Radio Network (Australia), Sonshine Radio Network (Philippines) or Salem Radio Network (US), CCTV:China Central TV, CNR:China National Radio, AON: Australia Overnight (talk show)

**DA-Directional antenna** generally shown as compass directions (i.e. DA-S means beamed to the south), also noted as xxxdeg for some stations.

*r indicates a relay of another station.* This is generally unattended, such as most of the low powered NHK stations. In some cases, it refers to a station that relays another during part of its broadcast day.

**Web** in most cases this is the primary website for the station or network. In some cases I've substituted Facebook, Wikipedia, or other sites if the station does not have a website, or it's out of date, lacking in useful information, infected with malware, or otherwise not acceptable.

**Audio:** This is the link to the station or network's streaming audio (real time or slightly delayed). For now, I'm only listing links that are working, do not require a subscription or special client software, and do not have malware or other warnings. In some cases, this link is the same as the web site. Some sites include audio feeds for multiple networks or stations, in which case you will determine the correct choice.

**Archive:** A link for retrieving audio recordings of all or part of earlier broadcasts. Some include everything aired during previous hours, days or weeks. Others have podcasts or other recordings of previously aired programs. I've only included those where the original broadcasts' times and dates are clearly identified.

**Parallels:** frequencies that carry the same program. The parallel operation may only be at certain times of the day, or there may be local breaks for IDs, weather reports, advertising, etc.

## COUNTRY LISTINGS

This listing includes broadcasting stations in the long and medium wave bands, plus selected domestic shortwave stations. It also lists traveler's information stations in Alaska and Hawaii and weather stations above 1600 kHz in Japan. For beacons, see the beacon listing at the end of this section.

I've included some additional information for each country, in addition to the list of stations. This information may include time zone, website links for major stations and networks, hobby sites related to that country, or government-run sites (especially search tools). There are also links to streaming audio, particularly web site that list the links for many stations or networks.

There are also descriptions of the major networks, including schedules, lists of outlets (for parallel programming), and links to web pages.

In some cases, I've also included tips for identifying stations (such as time pips, ID times, etc.).

# AFGHANISTAN

**Time Zone:** UTC+4:30

**National Anthem:** <https://www.youtube.com/watch?v=9ibQ4g1KyGA> (Played on RTA at signoff)

v

## Useful Information

- The Taliban de facto government will set up AM radio stations in the border provinces of Afghanistan to “prevent propaganda by enemies”, private Tolo News TV reported on X on 9 April.
- The director of the Taliban-controlled Radio Television Afghanistan (RTA) state broadcaster, Mohammad Yousaf Ahmadi, said that it would set up radio stations in all of the border provinces to strengthen RTA’s programmes and “prevent propaganda by enemies”.

•

- **Afghanistan Telecom Regulatory Authority Website (probably doesn’t reflect the views of the current management):** <http://atra.gov.af/>

•

Due to Afghanistan’s current political environment, the information listed below should be considered highly inaccurate. Many of the listed stations, probably most of them, are now silent.

| Freq |   | Network/Station ID                                                                      | Location       | Adm       | Pwr  | Comments                                                                                                                                                           |                     |

# ALASKA

**Time Zone:** Mostly UTC-9 (-8 Second Sunday in March to First Sunday in November)

**National Anthem:** <https://www.youtube.com/watch?v=M1wLtAXDggg> (played on some stations at specific times, such as midnight or 5 a.m., or at signoff),

**State Song:** <https://www.youtube.com/watch?v=M1wLtAXDggg> (sometimes played at signoffs, etc.)

## Useful Information:

- **Federal Communications Commission (FCC)** AM Query Search Tool: <https://www.fcc.gov/media/radio/am-query>
- **FCCData** <https://fccdata.org/> search tool for FCC license data
- **Alaska Broadcasters Association:** <https://alaskabroadcasters.org/>
- **Radio Locator** Pages for Anchorage: <https://radio-locator.com/cgi-bin/locate?select=city&city=Anchorage&state=AK> and Fairbanks: <https://radio-locator.com/cgi-bin/locate?select=city&city=fairbanks&state=AK>

**Alaska Public Radio Network:** APRN is operated by Alaska Public Media. It delivers programs to non-commercial stations throughout the state from studios in Anchorage. "Alaska News Nightly" airs Monday-Friday at 6 p.m. local time (0900 UTC) and is carried by most member stations. AM stations include KYUK-640, KDLG-670, KBRW-680, KOTZ-720, KCHU-770, KNOM-780, KSDP-830, KBBI-890, KZPA-900, KIYU-910, and KNSA-930. There are also many FM affiliates. # AUSTRALIA

**Time Zones:** Qld: UTC+10, NSWVic: +10(+11 First Sun in Oct to First Sun in Apr), Broken Hill NSW same as SA, NT: +9:30, SA: +9:30(+10:30 First Sun in Oct to First Sun in Apr), Tasmania +10, WA: +8, Christmas Island +7, Norfolk Island +11:30

**National Anthem:** <https://www.youtube.com/watch?v=Dqtkckl6s5Y>

## Useful information:

- The URLs for most commercial Aussie stations consists of the call letters followed by .com.au – for example, the website for 4BC-1116 is <https://www.4bc.com.au/> There are a few exceptions, such as 2WEB-585, which uses <https://www.outbackradio.com.au/>
- **Australian Communications and Media Authority (ACMA)**, Register of Radio communications Licenses, search by frequency: [https://web.acma.gov.au/rrl/assignment\\_range.search](https://web.acma.gov.au/rrl/assignment_range.search)
- In regional areas, commercial radio stations must broadcast minimum amounts of local content between 5am and 8pm each business day. The minimum depends on the size of the community. The minimum is 30 minutes in areas with less than 30,000 people, 3 hours in other areas
- The website **Radio Today** <https://www.radiotoday.com.au/> has recent news stories about Australian radio stations and personalities.
- **Newmedia** <http://www.newmedia.com.au/index.html> also has Australian radio news.
- The **RadiolInfo** site, <https://www.radioinfo.com.au/>, likewise has news about Australian radio. The site also has searchable maps showing the locations of Australian AM and FM stations, with links to the ACMA database entries.
- The website **fccdata.org** is a search tool for AM/FM/TV broadcast stations in various countries, including Australia. The search results include data for the transmitter site (address, lat/long, power, frequency, etc.), as well as a map showing the site's location, based from information in the ACMA database. The URL is <https://fccdata.org/?lang=en&search=aus>. The site can also search for stations in Japan, UK, Ireland, Mexico, Canada and the USA.
- The website [www.radio-australia.org](http://www.radio-australia.org) has streaming audio links for over 500 AM, FM, and digital radio stations in Australia. I believe I've got the links for all the AM's covered in the PAL, but it can be a handy way to double check, or to find streams for FM stations.
- **Australian Radio DX Club:** <https://www.facebook.com/ARDXC.Inc/> the club publishes the 'Australian DX News' 11 times a year, featuring member's loggings, news, and feature articles. Membership is offered in print and electronic subscriptions to both Australian and international members
- **Australian AM Radio History** <https://austamradiohistory.com/> is an in-depth study into the development of A.M. radio broadcasting throughout Australia

**Online kiwiSDR Receivers:** (partial, see <http://kiwisdr.com/public/> for the complete list). These receivers are useful for checking program content.

## MAJOR NETWORKS:

**ABC News radio:** a nationwide news network with outlets in the major cities. The network is gradually expanding to include smaller cities as well. Programs are mainly rolling news, weather, sports, etc., but it also carries BBC, NPR, and Deutsche Welle programs several hours per day, especially after 9 p.m. and on

weekends. It also broadcasts the Australian Parliament when it is in session; these broadcasts can last late into the evening local time. Web site: <http://www.abc.net.au/newsradio/> includes a detailed program schedule. ABC Newsradio gives occasional IDs for individual transmitters, generally around 15 & 45 minutes past the hour. For example, "ABC Newsradio....When in Sydney listen to 6-3-0 AM". Program content is simulcast throughout the country. The schedule is not based on the stations' local times.

Major outlets on medium wave include 585 Perth, 630 Sydney, 747 Hobart, 936 Brisbane, 972 Adelaide, 1026 Melbourne, 1152 Busselton, and 1458 Newcastle. Streaming audio: <http://www.abc.net.au/radio/stations/news/live?play=true>

**ABC Local and Regional Radio:** ABC stations in the larger cities originate their own programs during much of the day. In addition, there are many regional networks, each consisting of several AM & FM stations. These stations carry local programs up to several hours per day. Network programs fed from the state capital fill out the rest of the day. Typically, ABC Radio Local and Regional stations have their own breakfast shows, then state networked programs until midafternoon, when there are additional local programs. Then, programs are usually networked from the state capital from 7 to 10pm. However, exact schedules can vary for specific stations. After 10pm (1200 UTC), all stations are networked from Sydney overnight. All ABC Metro and Regional stations carry "Night Life" 1200-1600 UTC and "Overnights Weekdays" 1600-1900 UTC. The website <http://www.abc.net.au/local/> lists program schedules for each of the stations and networks. Some stations have a regional weather forecast at the end of the hourly national news.

**ABC Radio National:** A nationwide network. Broadcasts include a variety of news, music, talk, and special interest programs. Outlets are on 576, 585, 603, 612, 621, 630, 639, 657, 684, 720, 729, 756, 792, 810, 846, 990, 1098, 1152, 1296, 1305, 1431, 1485, 1512, and 1584. Web site: <http://www.abc.net.au/rn/> includes a detailed program schedule. Streaming audio: <http://www.abc.net.au/radio/stations/RN/live?play=true>

**Community Broadcasting Association of Australia (CBAA):** is a support organization for indigenous, ethnic, religious, print disabled, and other non-commercial stations catering to specific communities in Australia. It provides operation and program assistance to its member stations. These services include the **Community Radio Network (CRN)**, which distributes radio programs distributed via satellite and internet. The network's program schedule and list can be downloaded at <https://www.cbaa.org.au/broadcasters/get-content-your-station-or-program/crn-program-guide>. The CBAA website is <https://www.cbaa.org.au/>.

**Nine Radio:** In January 2020, the Macquarie Radio Network began rebranding its radio services as Nine Radio. News bulletins and program are now called "Nine News". The old Macquarie website <http://www.mrn.com.au/> now forwards <https://www.nineforbrands.com.au/branding>. The company operates four stations: 2GB-873, 3AW-693, 6PR-882, and 4BC-882 as newstalk stations with the ability to distribute program content to affiliated network stations.

The former Macquarie News is now known as "Nine News". The network has National News bulletins every half hour throughout the day. Typically, they include 3.5 minutes of news and 1 minute of sports for a total of 4:30 minutes. There are separate feeds for NSW, Qld, SA, and Vic stations.

The website <https://www.mmsyndication.com.au/programming-and-services> lists numerous programs syndicated by the network to stations throughout Australia. The nighttime programs are listed below.

- The talk program "Australia Overnight" has been split into two separate feeds. "Overnight with Michael McLaren" originates from 2GB. "Overnight with Tony Moclair" originates from 3AW-693. The two shows are carried by stations throughout the country, including 4KZ-531/693/1611, 4AM-558/1422, 3AW-693, 2EC-756, 4CA-846, 4BC-882, 8HA-900, 2LT-900, 4CC-927, 2NM-981, 3HA-981, 4RO-990, 2ST-999, 4MK-1026, 3WM-1089, 3CS-1134, 2CC-1206, 3GV-1242, 4BU-1332, 3SH-1332, 2AY-1494, 2BS-1503, 2QN-1521, 3NE-1566 (Not sure which version each station uses). They air 1400-1930 UTC M-F and 1400-2000 SaSu. Luke Grant hosts both feeds on weekends.
- The above shows have local 3 minute breaks at xx:15, xx:25, xx:40 and xx:50, plus a news break at xx:59:07 every hour. This schedule is generally applicable to all or most other shows syndicated by Nine Radio.
- The talk program "Nights With Denis Walter" airs 1000-1400 weeknights and originates from 3AW-693. Local breaks are the same as for the Overnight show.
- The talk program "Nights With John Stanley" also airs 1000-1400 weeknights and originates from 2GB-873. Local breaks are the same as for the Overnight show.
- "Ray Hadley Country Music Countdown" is broadcast Saturdays 22:00-24:00 AEST/AEDT (1200-1400 UTC).
- "Sunday Nights with Bill Crews", Sundays 21:00-24:00 AEST/AEDT (1100-1400 UTC), a talk show
- "Remember When with Philip Brady and Simon Owen"s Sundays 22:00-24:00 AEST/AEDT (1200-1400 UTC), music and nostalgia.
- "Money News with Brooke Corte" M-F 19:00-20:00 (0900-1000 UTC), personal finance and business

**Racing Networks:** There are several networks devoted to horse, harness, and greyhound racing in Australia. These stations carry actual races, race results, news, and talk shows similar to mainstream Sportstalk stations except more specialized. Programming may also include blocks of music. The networks include:

- **Sky Racing Radio**, originating from 2KY-1017 in Sydney, and relayed throughout NSW and ACT on 1008 Canberra, 1215 Bowral, 1314 Wollongong, 1341 Newcastle, 1593 Murwillumbah, and many FMs.
- **Racing Radio**, originating from 6TAB-1206 Perth, and relayed by many FM translators, plus AM transmitters on 1404 and 1449. The website <https://www.tabtouch.com.au/tab-radio> has streaming audio links and a map showing transmitter locations.
- **Radio TAB**, originating from 4TAB-1008 in Brisbane, with AM/FM relays throughout Queensland, Northern Territory, Tasmania, and South Australia. AM relays are on 891 1008 1080 1161 1242 and 1539.
- **Sport 927/RSN**, covers racing and other types of sports. Flagship station is 3UZ-927, with AM relays on 945 1260 1314 and 1359. RSN announced some additions heading into 2023, with changes to the breakfast host, a new daily racing service focused on Victorian Racing and previewing all Victorian thoroughbreds, greyhounds and harness racing, and a planned move into new studios in 2023.
- **SEN Track**, a nationwide network launched in 2020 by the Sports Entertainment Network. See below.

**Southern Cross Austereo (SCA)** is a media company that operates radio stations, produces programs, and runs radio networks throughout Australia. Most of its stations are on FM, but it has about a dozen **Triple M** branded AM stations, mostly in Western Australia. The SCA website is <https://www.southerncrossaustereo.com.au/> and the Triple M site is <https://www.triplem.com.au/listen> with links to local and regional stations' websites and streaming audio. The stations carry some of the same programs, including "Australia by Night with Stephen Cenatiempo" 10pm – Midnight LT Weekdays, "Night Shift with Luke Bona" 12-5:30am LT Weekdays, and some sporting events and special music shows. Some stations have blocks of classic rock or oldies music, but it's not clear if any are parallel to others. Some programs may also be carried by non-branded stations. The SCA "Regional Media Guide" <https://www.southerncrossaustereo.com.au/media/1398/tile-1-regionalmediaguidefinalpdf.pdf> identifies the AM/FM stations affiliated with SCA, but does not mention any program content they may carry.

**Sports Entertainment Network (SEN)**: According to its website, SEN is a multi-platform content and entertainment group and the largest syndicator of sports radio content in Australia. Since early 2020 it launched a number of AM Sportstalk stations, and now covers most major cities. A separate network of stations called **SENTrack** supports Australia's racing, harness and greyhound industries. The website is <https://www.sportsentertainmentnetwork.com.au/broadcasting>. The parent company also distributes several sports-oriented programs via radio and other media. See <https://sportsdayradio.com.au/vic/#1515624222732-7879ae09-ac79> for a list of stations carrying the "Sportsday" radio show.

**Super Radio Network (SRN)**: A network of over 20 stations originating from 2SM-1269 in Sydney. The weekday programming includes evening and late night talk shows with some blocks of classic hits music.

Affiliates include: 2PM-531, 2BH-567, 4GY 558, 2HC-639, 2LM 900, 4WK 963/1359, 2DU 972, 2MW 972, 2MO 1080, 2EL-1089, 2AD 1134, 2HD 1143, 2NZ 1188, 4AK-1242, 2DU 1251, 2SM 1269, 2TM 1287, 2LF-1350, 2PK 1404, and 2VM 1530, plus a few FMs. The website is <http://2smsupernetwork.com/>. Streaming audio: <http://2smsupernetwork.com/listen-live/#>

Major nighttime shows include:

- "Talk Tonight with Graeme Gilbert", 19:00-24:00 AEST/AEDT (0900-1400 UTC )M-F
- "Talk Tonight", hosted by Gary Stewart and Barry Hill, Midnight until ? (1400-? UTC)
- "Country Music Radio" with Carter Edwards 18:00-24:00 SaSu (0800-1400 UTC)
- "Dave Sutherland" until dawn and weekends (according to the website)

The network also has a series of talk and music shows during the day, including the ubiquitous John Laws weekday mornings. The network's website is <http://2smsupernetwork.com/>.

**Vision Radio Network:** A Christian broadcaster with a network of mostly low powered transmitters throughout the country. The vast majority are on FM but there are a few AM transmitters, mostly in the expanded band. As far as I know, they do not have locally originated programs. The website is <http://www.vision.org.au/>. Program schedule is posted at <https://vision.org.au/radioguides/>

**Vision Australia Radio:** A network of ten print-handicapped radio stations in various cities, including Adelaide 1197, Melbourne 1179, Perth 990, Warnambool 882(which relays 1179) and several FM's. The website <https://radio.visionaustralia.org/> has program information and audio for Melbourne and Adelaide.

**Parallel Frequencies:** This table is a list of networks that carry parallel programming during nighttime hours (approximately 6 p.m. to 6 a.m. local time). In many instances, local stations may briefly break away for news, weather, IDs, and other features.

# CHINA

**Time Zone:** UTC+8

**National Anthem:** <https://www.youtube.com/watch?v=UctriMuXYS0> (played on CNR at the start of some programs, or at signon/signoff)

## **Useful Information:**

- The website **Radio.cn** (in Chinese) has streaming audio links and archives for many CNR and provincial stations <http://www.radio.cn/pc-portal/erji/radioStation.html>
- "How to Identify Chinese Radio Stations" by Mika Makalainen at [dxing.info](http://dxing.info)
- **Seoul AM Radio Listening Guide**, has downloadable mp3 and pdf files that include reception of many Chinese stations in Seoul <http://www.chriskadlec.com/radio/seoul>
- **China AM Radio ID Data Base:** <http://www.chriskadlec.com/radio/china-database>
- **Bi Newsletter** has the downloadable Aoki shortwave list, CRI & CNR mediumwave/shortwave schedules, and SW schedules for Chinese provincial stations <http://www1.s2.starcat.ne.jp/ndxc/>
- **National Radio Television Administration (government regulator):** <http://www.nrta.gov.cn/> (in Chinese)
- **5566:** <https://www.5566.org/radio-1.htm> has links to many Chinese radio websites
- As of 12 January 2023, there are 4544 MW/LW/SW entries in the PAL. 2144 of them are located in China (about 47 percent). 536 of them are CNR1.

**Online kiwiSDR Receivers:** In late 2021, access was blocked for KiwiSDRs located in China. Some Chinese stations can be monitored via receivers in neighboring countries, including:

- Hong Kong <http://vr2bg.proxy.kiwisdr.com:8073/>
- Khabarovsk, Russia <http://khv.proxy.kiwisdr.com:8073/> hears Liaoning, Jilin, and other parts of NE China
- Novosibirsk, Russia <http://nsk.proxy.kiwisdr.com:8073/> good reception of Xinjiang stations
- Hanoi, Vietnam <http://tranp.sytes.net:8073/> receives Yunnan and neighboring provinces

There are also receivers in Taiwan, Thailand, South Korea, and Japan that are capable of receiving a few Chinese stations. See the listing and map at <http://kiwisdr.com/public/>.

## **CHINA NATIONAL RADIO**

**China National Radio (Zhongyang Renmin Guangbo Diantai)** operates 17 networks or independent stations. The CNR website is <http://www.cnradio.com/> (in Chinese). The Nagoya DX Circle has a complete CNR shortwave frequency listing posted on its website at <http://www2.starcat.ne.jp/~ndxc/> shortwave transmitter sites and their schedules are also included in this listing. The CNR organization name "Zhongyang Renmin Guangbo Diantai" (Central People's Broadcasting Station) is often announced before the individual channel name. The website <http://www.radio.cn/pc-portal/erji/radioStation.html> has streaming audio and an archive of the past two weeks' programming for all CNR networks and stations.

**CNR1** is known as Zhongguo she Sheng ("Voice of China") and operates 24 hours mainly on 540 639 756 945 981 1035 1161 1359 1377 1593 and other frequencies. CNR1 has been heard ID'ing as "Zhongyang Renmin Guangbo Diantai, Zhongguo zhi Sheng" at the top of the hour. At other times the name "Zhongguo zhi Sheng Guangbo Diantai" has also been used.

At 1030-1100 daily, CNR-1 carries a program called "Quango Xinwen Lianbo" or National News Hook-up which, as the name implies, is relayed by many local stations. There is a similar program, relayed by many stations, in the local mornings at 2230-2300 called "Xinwen he Baozhi Zhaiyao" or News and Summary of Newspapers.

Both programs open with the music "Ode to the Motherland", which you can also hear in the video at [http://www.56.com/u68/v\\_MTk1Njl5ODU.html](http://www.56.com/u68/v_MTk1Njl5ODU.html)

Some local and provincial stations may relay CNR or CCTV news at other times.

**CNR2** is called Jingji zhi Sheng ("Voice of Business"), in English "China Business Radio". "Zhongguo zhi Sheng" (CNR1) is sometimes heard in connection with the newscasts in the 2nd channel. CNR2 operates 2055-1605 (except Wed 0600-0855) mainly on 630 720 855 900 and 1116, plus shortwave. Shortwave transmitters and their schedules are included in this listing.

**CNR3** is FM only. The Chinese name translates as "Leisure FM".

**CNR4** is a minority language service that operates 2055-1600. It is broadcast only on FM.

**CNR5 (Voice of Zhonghua)** is the first program for Taiwan. It operates 2055-1705 on 549 765 837 5925(2055-2400 1000-1705) 7410(0900-1705) 7415(2055-400) & 9410; and 2200-0005 on 9665. All medium wave transmitters are in Fujian province.

**CNR6 (Voice of Shenzhou)** is the second program to Taiwan. It operates 2155-1605 on 684 909 1089 6165(2155-0100 0900-1605) 9420(2155-0100 0900-1605) 11905 (0100-0900) and 15710 (0100-0900). Medium wave transmitters are in Fujian.

**CNR7** was called "Huaxia zhi sheng" until August 2019. It was replaced by "Dà wǎn qū zhī Shēng (Radio the Greater Bay)", which operates 2100-1805 on 1215 kHz + FM in Cantonese and other dialects.

**CNR8** is a minority language service with programs in Korean and Mongolian. These programs are also broadcast on 1143 from Beijing and, in some cases, are relayed by local and provincial stations.

Korean: 0600-1505 on 1143 1305 5975 & 9785 and some local MW frequencies, including 1000-1100 on 1017 and relay by Yanbian-1206, 1100-1505

Mongolian: 2055-0600 on 1143, 1305 9610 & 11810 and some other MW frequencies. Relayed by Nei Menggu RGD 0300-0400 on 1458 and possibly some local stations in Nei Menggu.

**CNR9** is "Wenyi zhi sheng", a Literary Arts service for Beijing on FM.

**CNR10** is "laonian zhi sheng" (Voice of the Elderly) in Beijing on 1053 and operates 1955-1735.

**CNR11** is a Tibetan broadcast and operates on 1098 (2155-1605), 6010 (2155-2400 & 1030-1605), 7350(0900-1605), 7360(2150-2400), 9480 (2155-0100 & 0800-1605), 9530(0000-1030) and other MW/SW frequencies.

**CNR12** (Yúlè guǎngbò) Operates on 747 in Beijing and carries entertainment programs in Chinese 2100-1800.

**CNR13** broadcasts entirely in Uighur. MW services are carried on 720 855 and 1422. The shortwave schedule is 2355-1057 on 15390, 2355-1400 on 13700, 1057-1805 on 9420, and 1400-1805 on 9890.

**CNR14** (Voice of Hong Kong) operates only on FM

**CNR15** Highway Traffic Service is FM only

**CNR16** Village Radio (Zhōngguó xiāngcūn) operates 24 hours in the Beijing area on 720 and FM.

**CNR17** is a Kazakh service that began operation 1 January 2015. It operates 2355-1200 on 1008, 1422, 11630, and 12055 and 1200-1805 on 1008, 1422, 6180, and 9630. It is also relayed by Xinjiang RCD 0500-0600 and 1400-1500.

## CRI (CHINA RADIO INTERNATIONAL)

CRI broadcasts worldwide mainly on shortwave, but it does use several mediumwave sites for broadcasts to neighboring countries. The frequencies and schedules for those broadcasts are noted below, along with a few CRI stations operated for domestic audiences.

| Freq | Network/Station ID                               | Location | Adm       | Pwr  | Comments                                                                                                                                                                                                   | Potential<br>Parallels  |

## LOCAL AND PROVINCIAL STATIONS

### Comments:

- Chinese stations generally have time pips on the hour, followed by the time in Beijing. There are usually (but not always) 5 short tones and one longer higher pitched tone marking the hour, with some exceptions. The final tone often does not end exactly on the hour – it can be anywhere from a few seconds before to 30 seconds after the top of the hour.
- Station IDs are sometimes made just after the time check, sometimes just before the hour, sometimes a couple minutes later after a few commercials or other announcements. They can also be made at convenient times anytime during the hour.

**This list does not include CNR stations.**

- British DX Club Article on monitoring AIR Shillong KiwiSDR <http://bdxc.org.uk/AIR%20shillong.pdf>

## **On-line KiwiSDR Receivers:**

- Bengaluru <http://blr.twrmon.net:8073/>
- Dimapur (TWR) <http://103.232.186.40:8073/>
- New Delhi (TWR) <http://del.twrmon.net:8074/> :
- Pune:: <http://png.twrmon.net:8073/>

**All India Radio (Akashvani):** This government-owned network provides national and local programs in Hindi, English, and sixteen regional languages. There are five regional services for All India Radio: the North Zone based in New Delhi; the North-East Zone based in Guwahati, Assam; the East Zone based in Kolkata (Calcutta); the West Zone in Mumbai (Bombay); and the South Zone in Madras. Website for AIR is <https://akashvani.gov.in/> live streaming of Akashvani stations with Electronic Program Guide is in <https://akashvani.gov.in/radio/live.php?channel=5>

The daily Minute to Minute Program schedule of Akashvani Stations (known officially as Cue Sheet) and many other details is now available in the official website of Prasar Bharati [https://cuesheets.prasarbharati.org/su\\_viewCuesheets](https://cuesheets.prasarbharati.org/su_viewCuesheets) Please login as guest. Timing is given in Indian Standard Time. The schedule of Akashvani relay stations are not listed in it.(site was not accessible in mid-December 2023)

Stations in states where non-Indo-European languages like Tamil are predominant strongly disagreed with the decision to adopt "Akashvani" as the nationwide ID. "Akashvani" is a Hindi word usually translated into English as "Voice from the Sky." Hindi is an Indo-European language. All India Radio identified in Hindi as "Akashvani," dating back to the 1930's, I think. The recent change was to impose this on other language services, hence there has been pushback from those stations, which continue to identify as All India Radio..(Paraphrased from comments by Andy Robbins, WOR io group)

**Vividh Bharati** is a commercial popular entertainment service operated by AIR. It is broadcast 14 hours daily from 35 locations originating in Mumbai. There are approximately 13 MW transmitters and 10330 kHz SW, plus FM. Film music makes up about 60 percent of the programming. Skits, short plays and miscellaneous features are also presented.

**News broadcasts by All India Radio Home Service** in Hindi & English originate in New Delhi and are relayed by many stations of AIR. During the Pandemic, hourly bulletins were 10 minutes each. They were reduced to five minutes beginning 1 Nov 2022. Hindi news is broadcast at xx:00 IST (xx30 UTC). English news is at xx:05 IST (xx35 UTC). Exceptions are listed below.

- Morning News: Hindi 8:00-8:15 IST (0230-0245 UTC), English 8:15-8:30 IST (0245-0300 UTC)
- Mid-day News: English 14:00-14:15 IST (0830-0845 UTC), Hindi 14:15-14:30 (0845-0900 UTC)
- Evening News: Hindi 20:45-21:00 IST (1515-1530 UTC), English 21:00-21:15 IST (1530-1545 UTC)

Live streaming of News is available in <http://prasarbharati.gov.in/> (See under Live Radio, AIR Live News 24x7). Also see <http://newsonair.com/>

In August 2024, timings were changed for Akashvani news broadcasts. See the following article for details: <https://www.newsonair.gov.in/akashvani-announces-revised-broadcast-schedule>

News bulletins in other languages (originating in New Delhi and aired by various regional stations): Arunachali 1645-1700, Assamese 0705-0715 1340-1350 1905-1915, Bengali 0725-0735 1330-1340 1935-1945, Dogri 0830-0840 1915-1925, Gujarati 0745-0755 1320-1330 1950-2000, Kashmiri 0745-0755 1825-1835, Malayalam 0725-0735 1250-1300 1925-1935, Marathi 0830-0840 1330-1340 2005-2015, Nepali 1925-1935, Oriya 0715-0725 1350-1400 1915-1925, Punjabi 0830-0840 1340-1350 1915-1925, Sanskrit 0655-0700 1810-1815, Tamil 0715-0725 1240-1250 1915-1925, Urdu 0850-0905 1350-1400 2115-2125.

# INDONESIA

**Time Zones:** Java, Western Kalimantan, Sumatera:+7, Eastern Kalimantan, Bali, Nusa Tenggara, Sulawesi:+8, Irian Jaya, Maluku:+9

**National Anthem:** <https://www.youtube.com/watch?v=h3uhV8DJxPw> (played on RRI stations at signon and signoff)

## Useful Information:

- **Persatuan Radio Siaran Swasta Nasional Indonesia (PRSSNI):** Is an organization of commercial Indonesian Radio Stations. The website <http://www.radioprssni.com/prssnnew/index.asp> has information about the country's radio business and profiles of member stations.
- Badan Regulasi Telekomunikasi Indonesia (Indonesian Telecommunication Regulatory Authority) <http://www.brti.or.id/> (Indonesian)
- Direktorat Jenderal, Sumber Daya dan Perangkat Pos dan Informatika <https://www.postel.go.id/> (Indonesian) – government agency responsible for licensing, spectrum issues, radio monitoring, etc.

## Online KiwiSDR Receivers:

- Bandung <http://ptlenkiwisdr.ddns.net:8073/>
- Jakarta <http://swloi33.proxy.kiwisdr.com:8073/>

**Radio Republik Indonesia (RRI):** the RRI web site is <http://rri.co.id/home.html> . A dropdown menu at the top of the home page will take you to local stations' web pages. Unfortunately, the site doesn't have much actual station information such as frequencies or schedules, although streaming audio is available for local stations. According to a previous homepage of RRI, the RRI network is organized as follows (info via Jembatan DX):

- RRI Cabang Utama: Jakarta
- *RRI Cabang Madya:* Bandung, Banjarmasin, Denpasar, Jayapura, Makassar, Medan, Palembang, Semarang, Surabaya, Yogyakarta
- *RRI Cabang Muda:* Ambon, Banda Aceh, Bandar Lampung, Bengkulu, Biak, Bukittinggi, Gorontalo, Jambi, Kendari, Kupang, Manado, Mataram, Merauke, Padang, Palangkaraya, Palu, Pekanbaru, Pontianak, Samarinda, Sorong, Sungailiat, Surakarta, Ternate
- *RRI Cabang Pratama:* Cirebon, Ende, Fak Fak, Jember, Lhokseumawe, Madiun, Malang, Manokwari, Nabire, Purwokerto, Ranai, Serui, Sibolga, Singaraja, Sintang, Sumenep, Tanjung Pinang, Toli Toli, Tual, Wamana

“.. 1Effective 10th February 2025, Radio Republik Indonesia (RRI) will temporarily cease PRO-4 radio stations broadcast on AM and FM frequencies nationwide, so PRO-4 will become online only radio stations. This is because of budget concern, so Radio Republik Indonesia is going to cut cost of its radio stations operation. PRO-1, PRO-2 and PRO-3 are not affected in this exercise, but they will reduce their transmission power, according to my friend from Indonesia.”  
[Perhaps this explains some of the recent changes I have observed on the Voice of Indonesia? (Ron Howard, World of Radio io group 16 Feb 25)]

Alan Davies provided the following status report for RRI medium wave stations, as of September 2021:

- RRI MW frequencies that were normally reliable seem to have gone off air in recent months: Surabaya 585, Cirebon 864, Surakarta 972, Palembang 1287
- Currently on air: Bandung 540, Makassar 630, Semarang 801, Madiun 1008, Bandar Lampung 1035, Yogyakarta 1107, Bogor 1242, Banda Aceh 1251, Sungai Liat 1413, and RRI Pro-3 999 via Bandung, Cirebon and Malang (and possibly also on 999 via a couple of other locations).
- The following have been heard in the past few months and are probably also still active now: Gorontalo 1008, Kupang 1107, Manado 1188, Samarinda 1215, Toli-Toli 1377. Denpasar 1206 was heard for a period earlier this year, but is now off again.
- Apparently off long-term with technical problems are: Bengkulu 756, Mataram 855, Jember 963, Jayapura 1053, Singaraja 1080, Palangkaraya 1197, Pontianak 1233, Tarakan 1350.
- Reportedly on reduced power with tx problems: Ende 783.
- Off long term, and unlikely ever to be back: Medan 801, Jakarta 999/1332, Banjarmasin 1134.

# JAPAN

**Time zone:** UTC+9

**National Anthem:** <https://www.youtube.com/watch?v=29FFHC2D12Q> (played on NHK2 at signoff)

## Useful Information

- The website **fccdata.org** is a search tool for AM/FM/TV broadcast stations in various countries, including Japan. The search results include data for the transmitter site (address, lat/long, power, frequency, etc.), as well as a map showing the site's location. It also lists the lower-powered relay stations associated with each of the major NHK and commercial stations. The URL is <https://fccdata.org/?lang=en&search=jpn>. The site can also search for stations in Australia, UK, Ireland, Mexico, Canada and the USA.
- Streaming audio and podcasts for Japanese commercial and NHK stations are usually blocked for IP addresses outside Japan. Sometimes there are exceptions, such as in mid-2020 when NHK opened up JOGK-756's streaming audio for worldwide coverage of a flooding disaster. Unless you are using a Japanese IP address you'll need to use a proxy server or some other legal means to receive the audio streams.
- The **denpa-data** website (in Japanese) lists AM/FM/TV stations in Japan, including data on low power relay stations. Fccdata.org uses it as an information source. The URL is <http://www.denpa-data.com/denpadata/>
- The Ministry of Internal Affairs and Communications (MIC) has a very large website called "The Radio Use Web Site" devoted to regulatory and technical matters. The URL for the English version is <https://www.tele.soumu.go.jp/e/index.htm>. There is a search tool with various search criteria. <https://www.tele.soumu.go.jp/musen/SearchServlet?pageID=1> (in Japanese but Google can translate it into English)
- TDXC **Propagation** is published once a year by the Totsuka DXers Circle. Each edition is 100-200+ pages long and has dozens of articles in Japanese and English about receivers, antennas, DXpeditions, and other aspects of MW/SW/FM DXing. The 2019-2013 editions can be downloaded from <http://my-bcl-life.sakura.ne.jp/PROPAGATION.htm>
- The Japan Commercial Broadcasters Association website has information about the country's radio and TV industry, including links to member stations' websites. <https://www.j-ba.or.jp/category/english>

**On-line KiwiSDR Receivers:** partial, see <http://kiwisdr.com/public/> for complete list

## MAJOR NETWORKS

**Nippon Hoso Kyokai, First Network (NHK1)** is a general news, public affairs, and entertainment network and operates 24 hours per day. Key stations are noted in the listing. Most programs originate in Tokyo and are fed simultaneously to all stations in the network. Short local programs are inserted throughout the day by the stations in the larger cities and fed to their respective local networks (generally within the same prefecture). Local IDs with call letters and location are given at 1959, 0259, and 0959. The following table lists the local breaks, as of December 2019. All breaks are 5 minutes long except as noted.

NHK1 outlets are on 531, 540, 549, 567, 576, 585, 594, 603, 621, 639, 648, 666, 675, 684, 729, 756, 792, 819, 837, 846, 882, 891, 927, 945, 963, 981, 990, 999, 1026, 1071, 1161, 1188, 1224, 1296, 1323, 1341, 1368, 1503, and 1584. NHK Web site (in Japanese): <http://www.nhk.or.jp/> (main NHK home page). Add the name of the city for local stations' web pages, i.e. <http://www.nhk.or.jp/sapporo/>

NHK1 stations operate 24/7 but sometimes have scheduled outages for maintenance purposes. These outages are usually on Tuesday mornings from 1-5 a.m. JST (1600-2000 UTC) once or twice a month. The outage information is posted on the NHK website. The following process is usually successful, and assumes you are translating each page into English (which is essential unless you can read Japanese).

1. Enter the following URL into your browser: [https://www.nhk.or.jp/xxx/station\\_info](https://www.nhk.or.jp/xxx/station_info), where xxx is the station's location (large city or prefecture, depending on the station)
2. Find the link named "Broadcast Suspension Notice" and click on it. There should be a list of outages for the current month
3. Find the outages labelled R1 or similar. Those are the NHK1 station outages. Times are JST. Osaka seems to use a graphic image which can't be translated. All the others I've seen can be converted to English

The above steps have worked for every station I've tried except for Tokyo. Maybe JOAK doesn't ever go off?

**Nippon Hoso Kyokai, Second Network (NHK 2)** is an educational network. A typical broadcast day includes several hours each of high school broadcasts, cultural programs, and foreign language lessons and newscasts. All programs originate in Tokyo and are fed simultaneously to all stations in the network. There are no locally originated programs, except for weather reports. The morning broadcasts include foreign language programs between 2100 and 0100. The following evening schedule was obtained from the NHK website in December 2019. Blanks indicate cultural or high school programs in Japanese. The schedule changes frequently, so the times listed may not be current.

The current schedule can be viewed online (in Japanese) at: <http://cgi4.nhk.or.jp0/hensei/program/> Local IDs with call letters and location are given at 2100 sign-on, 0029(?), 0719, and sign-off. Nightly signoff in mid-August 2020, 2019 is 1500. The time is subject to change. NHK2 outlets are on 639, 693, 702, 747, 774, 828, 873, 909, 1017, 1035, 1089, 1125, 1152, 1359, 1377, 1386, 1467, 1476, 1512, 1521, 1539, 1593, and 1602

**Allnight Nippon** is a popular late night program carried by 36 radio stations in Japan (about two-thirds of the commercial MW stations in the country). The program is produced by JOLF-1242 (Nippon Hoso) for NRN member stations. See the program's web site at <http://www.allnighnippon.com/> (in Japanese) for additional details. The times are shown as "ANN: xxx" for each station's listing in the list below and are accurate as of April 2020. Times listed are UTC. There are several segments to the program: 1300-1500 Mon-Fri "Music10", 1600-1800 Mon-Fri, 1800-1930(2000 on Fri Sat) Mon-Sat "All Night Nippon Zero", 1430-1600 Saturday "Six Tones All Night Nippon Saturday Special". The opening theme is "Bittersweet Samba" by Herb Alpert.

**Japan Radio Network (Japan rajio nettowaku, JRN)** is a commercial radio network in Japan. The flagship station is TBS Radio (JOKR-954). Most Japanese commercial stations are affiliates, as noted in the comments field in the station listings below. The website is <https://www.tbsradio.jp/jrn/> but seems to have only links to member stations' websites. Programs known to be scheduled during local nighttime include:

- "Fine!!" is broadcast M-F 1800-2000 UTC. It is a discussion program with various guests and originates from JOKR-954. Website is <https://www.tbsradio.jp/fine/> Many stations carry it.
- "After Six Junction" originates from JOKR-954 0900-1200 M-F. A few stations carry it, including HBC (JOHR-1287), JRT (JOJR-1269, Tu only), KNB, and others. I don't know the actual program name announced on the air. Website: <https://www.tbsradio.jp/a6j/>

**National Radio Network (zenkoku rajio nettowaku, NRN)** is a commercial radio network with approximately 40 members. The flagship stations are Bunka Hoso (JOQR-1134) and Nippon Hoso (JOLF-1242). Affiliates include most of the commercial Japanese stations, and are identified as NRN in the comments field in the station listings. The website is <http://radio-net.jp/>. The page <http://radio-net.jp/contents.html> has a table showing which programs are carried by each station in the network, but no times are shown. Some of the programs scheduled for local nighttime include:

- "Shingo Murakami and economic kun" is broadcast once per week by about 10 stations at various times. This name is the English translation provided by Google. It's called something else in Japanese. The show's website has a list of stations and times <http://www.joqr.co.jp/murakami/> The program is an hour long and deals with business and economics.
- "Rekomen!" (Recommendation!) Originates from JOQR-1134 and is carried by a large number of other stations. See the Parallel Frequencies list (below) for stations and times. The full program airs M-Th 1300-1600 UTC, but many stations carry only the final hour 1500-1600 between two segments of All-Night Nippon. The program's website is <http://www.joqr.co.jp/reco/>

## ***FUTURE PLANS***

***NHK:*** On August 4, 2020, the NHK announced that the current two AM networks would be reduced to a single network. The second program (cultural and educational) will be eliminated and some of its programs will be moved the first program or FM. The NHK subsequently announced that the change would take place in FY2025 (April 2025-March 2026). (Information via Takahito Akabayashi)

According to Asahi Shimbun on October 5 2023, NHK decided to end Radio 2 in March 31 2026. It will be officially announced on October 10 2023. After April 1 2026 NHK radios will be reduced to Radio 1 and NHK-FM. (10/2023 update from Takahito Akabayash)

***Commercial Networks:*** Forty-four of the 47 commercial AM radio stations across Japan plan to switch to FM broadcasting by fall 2028 to improve business performance by reducing the cost of operating both AM and FM broadcasting services, it was announced on June 15, 2020.

The move to FM broadcasting will be made by all AM radio stations except those in Hokkaido and Akita Prefecture in northern Japan. AM broadcasting services are scheduled to start being suspended as early as fall of 2023 as part of the Ministry of Internal Affairs and Communications' test of switching to FM, meaning that AM broadcasting services will shrink in phases from 2023 onwards.

Though AM broadcasting has a longer range, it has faced challenges, such as requiring large-scale facilities including an antenna at least 100 meters tall and high maintenance costs as they age. Furthermore, AM and FM radio channels broadcast the same programs through FM complement broadcasting, known as Wide FM, as part of disaster prevention measures, causing overlapping facility costs.

As advertising revenue has been falling among commercial AM broadcasters, they requested the communications ministry in 2019 for system reform that would allow them to switch to lower-cost FM broadcasting, and the ministry has approved this reform.

Tokyo-based TBS Radio Inc., Nippon Cultural Broadcasting Inc. and Nippon Broadcasting System Inc. have announced they will halt AM broadcasting in fall 2028 at the earliest. Overall, 21 of the 47 AM broadcasters are set to participate in the ministry experiment, and of the 21, 14 will take part with their broadcast relay stations. Even after the transition to FM by fall 2028, some broadcasters will continue AM programming as a supplementary measure.

FM broadcasting is hard to receive in mountainous and other remote areas, and Wide FM radio requires a receiver corresponding to certain frequencies. A 2019 government survey showed, however, that the distribution rate of Wide FM receivers was only at 53%.

TBS Radio Chairman Kiyohiko Irie told a June 15 news conference, "We must quickly act to promote (Wide FM) receivers. We have decided to announce our plans soon to gain understanding from our listeners. While it's each broadcaster's decision whether to switch to FM, each of us are going to use this opportunity to address the challenges." The broadcasters plan to release annual progress reports on the ministry-led experiment. (Japanese original by Tomofumi Inagaki and Yuka Matsubara, Cultural News Department) <https://mainichi.jp/english/articles/20210616/p2a/00m/0na/013000c>

***Update March 2023:*** Japanese Ministry of Internal Affairs and Communications announced the basic policy for "AM to FM removal" of private AM (mediumwave) radio broadcasters on March 9 2023. According to Japanese radio law, radio license is deleted if broadcaster stops transmission for more than 6 months without rational reason. By this basic policy AM radio broadcasters are exempted from the law from November 1 2023 until January 31 2025. During this period private AM radio broadcasters can stop AM transmission temporarily for more than 6 months ("more than 6 months" is a must) without losing license. To use this exemption broadcasters should prepare the alternative method and apply when they renew their license after May 2023 (the AM license of all the broadcasters will be renewed on November 1 2023). For the convenience of the authorization work, the actual stop of AM transmission can be done after February 2024. The stop can be interrupted and resumed when large disaster happens.

After the temporarily AM transmission stop, broadcasters can decide their way of "AM to FM removal" from following 4 cases.

- 1) AM remains as it is, no removal to FM at all.
- 2) AM mother transmitting station remains, relay stations are all or in part removed to FM.

3) FM removal of most transmitting stations, remaining few AM transmitting stations.

4) Complete FM removal, no AM remains

Only 3 broadcasters, HBC (Hokkaido Hosō) and STV (Sapporo TV Hosō) in Hokkaido, ABS (Akita Hosō) in Akita prefecture have already declared to select 1). This policy is for private AM broadcasters only. NHK preserves AM as it is. (Takahito Akabayashi, Tokyo, Japan, World of Radio, 1 April)

**Update May 2023:** Japanese Ministry of Internal Affairs and Communications permits AM commercial radio stations to stop AM on a trial bases for maximum 2 years from February 2024, if they request in November 2023, when all the AM radio stations renew licenses. As for Kanto area (Tokyo and surrounded 6 prefectures), only 1 AM station out of 6 decided to stop AM.

Tokyo: Nippon Hosō (Kisarazu 1242kHz/Tokyo Sky Tree 93.0MHz), Bunka Hosō (Kawaguchi 1134kHz/Tokyo Sky Tree 91.6MHz), TBS Radio (Toda 954kHz/Tokyo Sky Tree 90.5MHz) do not stop AM, because 1) each station has only one AM transmitter site, 2) FM from Tokyo Sky Tree(634m) cannot cover the northern Kanto areas.

Kanagawa: Radio Nippon (Kawasaki 1422 kHz/Odawara 1485 kHz/Yokohama-Tsurumi 92.4MHz) is considering not stop AM because most of the listeners are old aged who prefer to listen on AM.

Tochigi: Tochigi Hosō (Utsunomiya 1530kHz/Nasu 864kHz/Ashikaga 1062kHz/Utsunomiya 94.1MHz/Ashikaga 91.1MHz/3 relays 93.4MHz) has not decided yet. Cause for concern is the low penetration of the FM radios receivable above 90MHz (Japanese old FM radio is covering only 76-90MHz).

Ibaraki: Ibaraki Hosō (Mito 1197kHz/2 relays 1458kHz/Tsukuba 88.1MHz/Hitachi 88.1MHz/Moriya 88.1MHz/Mito 94.6MHz) decided to stop AM because 100W FM transmitter in Tsukuba(located at the top of Mt.Hokyo 461m) can cover much wider areas than AM. 88.1MHz can be received by old FM radios for 76-90MHz.

Original article is <https://www.tokyo-np.co.jp/article/251392>. (Takahito Akabayashi, Tokyo, Japan, via WOR io group, 27 May 2023)

**Update November 2023:** According to Japanese Ministry of Internal Affairs and Communication, a “Temporal Trial Stop of AM commercial radio stations” will be undertaken by 13 broadcasting companies from February 2024. Most of these are low powered local relay stations, except Yamaguchi Hosō, which will stop all AM transmissions. There will be very little influence on world MW DXing.

1062 IBC Iwate Hosō, Morioka Tanobata 300watts – 1 Feb 2024 to 31 Jan 2025

1062 Niigata Hosō, Niigata Nagaoka 100W & Kashiwazaki 100W – 5 Feb 2024 to 1 Sept 2024

1062 RKB Radio, Fukuoka Yukuhashi 100W – 1 Feb 2024 to 3 Sept 2024

1107 Minami Nihon Hosō, Kagoshima Akune 1kW, Sendai 1kW, Ookuchi 300W – 1 Feb 2024 to 31 Jan 2025

1116 Nankai Hosō, Matuyama Niihama 1kW, Yawatahama 100W Uwajima 1kW, 1 Feb 2024 to 30 Sept 2024 - reducing power until 3/31

1197 Kumamoto Hosō, Kumamoto Arao 1197kHz 100W 5 Feb 2024 to 31 Jan 2025

1458 Lucky FM Ibaraki Hosō, Mito Tsuchiura 1kW Sekijo 1kW - 1 Feb 2024 to 31 July 2025

1485 KBC Radio, Fukuoka Yukuhashi 100W 5 Feb 2024 to 4 Aug 2024.

1557 Fukui Hosō, Fukui Tsuruga 100W, Obama 100W – 5 Feb 2024 to 4 Aug 2024.

Hokuriku Hosō, Kanazawa Nanao 1107kHz 1kW, Yamanaka 1485kHz 100W, Wajima 1107kHz 100W - 1 Apr 2024 to 30 Sept 2024

Tokai Radio Hosō, Nagoya Gero 1485kHz 100W, Ena 801kHz 100W, Takayama 1485kHz 100W, Kamioka 1458kHz 100W, Ueno 1557kHz 100W, Owase 1062kHz 100W, Kumano 1485kHz 100W, 1 July 2024 to 1 Jan 2025.

Yamaguchi Hosō, Shunan Susatamagawa 765kHz 300W, Hagi 1485kHz 1kW, Yamaguchi 765kHz 300W, Iwakuni 918kHz 1kW, Shimonoseki 918kHz 1kW, huunan 765kHz 5kW – 5 Feb 2024 to 31 Jan 2025.

Nagasaki Hosō, Nagasaki Saga 1458kHz 1kW, Karatsu 1458kHz 100W, Arita 1458kHz 100W, Imari 1116kHz 100W – 5 Feb 2024 to 31 Jan 2025 (Takahito Akabayashi via Hauser's WOR io Group)

**Update March 2024:** According to the announcement on March 24 2024, Nippon Hosō (JOLF 1242 kHz 100kW/ 93.0MHz 7kW), one of the largest commercial AM station in Tokyo, they will end AM stereo service on 1242 kHz on March 31. Since AM stereo facilities are no longer manufactured, it is difficult to maintain them in the future. They also announced they no longer verify reception reports by QSL card from Japanese domestic listeners. QSL card will be sent to the foreign listeners only from April 2024. Nippon Hosō, Yurakucho 1-9-3, Chiyoda-ku, Tokyo, 100-1439 Japan <http://www.jolf.co.jp>

AM stereo in Japan began on March 15 1991 using C-QUAM type. In the 1990's there were 16 AM stereo stations (commercial stations only, no NHK stations) at most. In the 2000's most stations ceased stereo operation. Nippon Hoso was the 3rd from the end. At this time only Radio Osaka (JOUF 1314 kHz 50kW) and Wakayama Hoso (JOVF 1431 kHz 5kW) are using AM stereo. By the way Nippon Hoso can be heard in stereo on FM93.0MHz and internet (radiko – in Japan only). (Takahito Akabayashi Tokyo, Japan to WOR iog 2024-04-16

### **PARALLEL FREQUENCIES:**

This table is a partial list of networks that carry parallel programming during nighttime hours (approximately 6 p.m. to 6 a.m.local time). The NHK networks have regional centers in the larger cities which break away at various times for news, weather, IDs, and other features. As far as I know, the commercial networks are 100% relays of the primary station. The left column includes each network's ID letters and the main station's call letters and frequency. The center column shows the schedules for Rekumen and All-night Nippon (times are shortened to savespace, 13=1300 etc). The right hand column lists the frequencies used by the network for the main station and relays.

|                    |                           |                                                                                                                                                                         |

# KOREA (NORTH)

**Time Zone:** UTC+9

**National Anthem:** <https://www.youtube.com/watch?v=WjV2EErPHdg> (played at start of VoK broadcasts, domestic useage unknown but probably often)

**Korean Central Broadcast Station (Joson Jung-ang Pangsong)** operates 2000-1800 on MW, SW, and FM. Major MW outlets are 819 and 1080. Other MW & SW outlets include 702, 720, 765, 810, 873, 882, 927, 999, 2850, 3220, 3350, 3920, 3940, 3960, 3970, 6100, 9665, and 11680. Programming after midnight is mainly music.

Chris Kadlec's **Seoul AM Radio Listening Guide** has additional information on North Korean radio, including audio files. <http://www.chriskadlec.com/radio/seoul>

## Recent Changes in North Korean Radio:

According to news reports, North Korea's Pyongyang Broadcasting Station abruptly went off the air around 1200 UTC on January 12. My reception monitors in Tokyo, Japan, have not been able to receive MW frequencies of 657, 855, and 873 kHz, which used to have strong reception. 801 kHz cannot be confirmed due to interference from my local station, but Japanese and South Korean DXers monitors report that all MW and SW frequencies are not being received. I can receive MW 720, 882 kHz of the Korean Central Broadcasting Station and MW 621 kHz of the Voice of Korea Japanese Broadcast. News report (sorry in Japanese)(Koji Shimotori to DXing.info FB group 2024-01-14)

621 kHz from Chongjin still carries Voice of Korea Japanese, but TX is off when VOK is not present (the frequency was shared between PBS and VOK).

810 kHz from Kaesong carries KCBS instead of PBS.

927 kHz from Sariwon is off air.

Southern jammers are off air on 657 and 855 kHz.

The " Tong-il-e Meari Pangsong – Voice of Unification" on 3945/3970/5905 kHz has ceased too. (László Tringer mediumwave.info 2024-01-14)

The Shortwave outlets (3320 and 6160 kHz) and the MW transmitters (621,810, 657, 855 kHz) are silent, but the Southern jammers are still working. The unstable transmitter from Kimchaek is on air (801v kHz) with an empty carrier with hum, probably KCBS will be carried on it. KCBS (Chosun Jungjang Bangsong Imnida) is still on air on 702/720/819/873/999 kHz on MW and on 3205 (DRM) 3250, 3959v, 6100 and 11680 kHz on SW. Monitored the situation on the Oita SDR in Japan. (László Tringer, mediumwave.info 2024-01-13)

Most stations are probably operating at less than the listed power.

## KOREA (SOUTH)

**Time zone:** UTC+9

**National Anthem:** <https://www.youtube.com/watch?v=CceXXXubvdE> Broadcast at about 5 a.m. on some networks.

### **Useful Information:**

- Chris Kadlec's "**Seoul AM Radio Listening Guide**" has downloadable mp3 and pdf files that include reception of stations in Seoul, including the Koreans and neighboring countries: <http://www.chriskadlec.com/radio/seoul>
- The Korean language website **namu.wiki** includes (among other things) much up to date information on Korean stations. Due to language differences, it can be difficult using the site's search tool. I've found Google to be an easier method by entering network, frequency call, city etc.
- **Korea Communications Commission (KCC)** <https://eng.kcc.go.kr/user/ehpMain.do> (English version), <https://kcc.go.kr/user.do> (Korean version)

**Online KiwiSDR receiver at Daejeon:** <http://hl3amo.ddns.net:8075/>

### **MAJOR NETWORKS**

**KBS1** is a 24-hour network of news, sports, and public affairs programs. There are a number of key regional stations, each of which feeds a number of lower-powered repeaters in neighboring towns. Regional stations usually have local programs 2330-2358 0210-0258 0810-0858 and 0910-0958. They also break for five minutes of local news at 2210(2205Su) 0005(0000SaSu) 0315(0310SaSu) 0605 0805(0800SaSu) and 0905(0900SaSu). The balance of the programming originates from Seoul and is carried by all stations in the network. Local ID's are inserted at the top of the hour, but may or may not be broadcast every hour. Three short pips and a long tone mark the hour. All the KBS1 stations for Seoul and Gyeonggi Province relay HLKA-711 100% of the time. KBS 1 stations operate on 567, 657, 711, 738, 747, 864, 882, 891, 963, 1035, 1062, 1098, 1152, 1449, and 1467.

**KBS2** is an arts and culture network and operates 22 hours per day on 558 and 603 kHz. It identifies as "Happy FM" (in English).

**KBS3** is also known as the "Voice of Love" and has programming for the disabled 21 hours per day. It operates on 576, 675, 936, and 1134. News bulletins are at :00 most (not all) hours 2100-1500 weekdays only (no news SaSu)

**Hanminjok Bangsong** is government-operated on 972 kHz with programs intended for listeners in North Korea. A second outlet operates on 1170 when the transmitter is being not used by KBS World Radio. The name roughly translates as "One people/race/nation broadcast".

KBS Web sites: <http://radio.kbs.co.kr/> (main KBS radio network home page in Korean)

**Christian Broadcasting System** operates 24 hours from Seoul on 837 kHz. The website is <http://www.cbs.co.kr/>. The network's hourly time signal is sponsored by Samsung 2100-1400.

**Munhwa Broadcasting Corporation** is a privately operated commercial network with varied programming. The main station is on FM in Seoul. Most stations carry local programs and news several times during the day. See individual listings for details. All stations operate 24 hours except for 1700-2155 on the first Sunday of each month.

MBC has news every hour 2000-1400. About half of the hourly time signals are sponsored by Kia or Hyundai. Traffic reports for major cities and highways are broadcast hourly at :57. National highway reports are also broadcast at :30 on weekends.

All stations broadcast a local sign on announcement and NA daily at 1955-2000. MBC has recently eliminated most AM transmitters, except for HLCN-819, HLCX-855, and HLAX-1287.

**Transmitter Closures:** Ten South Korean MW stations were closed on November 8 2022. The official date of their abolition was May 8 2023. These stations include:

MBC: Daejeon 765kHz HLCQ 10kW, Ulsan 846kHz HLAU 10kW, Seoul 900kHz HLKV 50kW, Chongwon 990kHz HLAJ 10kW, Pohang 1107kHz HLAT 10kW, Chongju 1287kHz HLAX 10kW. MBC had previously closed the following stations: September 8 2022: Chuncheon 774 Jeju 774 Yeosu 1080, Busan 1161, Wonju 1242, Samcheok 1350, Mokpo 1386; December 12 2021: Andong 1017, Jinju 1215; May 1 2020: Chungju 1332; February 1 2020; Daegu 810.

CBS: Gwanju 999kHz HLCL 10kW, Jeonbuk 1314kHz HLCM 10kW, Busan 1404kHz HLKP 10kW. CBC already closed Daegu 1251 kHz on December 12 2021, and they are now planning to close Seoul HLKY 837kHz 50kW.

SBS: Seoul 792kHz HLSQ 50kW

FEBC, AFN, and 756AM (for North Korea) will continue to use medium wave. MBC-Gwangju HLCN 819 kHz 20kW and MBC-Jeonju HLCX 855 kHz 10kW have no plan to close. (Original article is at <https://namu.wiki/w/중파방송> via Takahito Akabayashi, World of Radio)

# LAOS

**Time Zone:** UTC+7

**National Anthem:** <https://www.youtube.com/watch?v=0r5Mb3Ztzu0>

**Recent Observations:** I stayed in Laos for a week at the end of January 2024. The MW scene of this country was observed as follows by my XHDATA D-808 portable receiver. Vientiane: No MW signal on 567 kHz and SW signal on 6130 kHz were detected at all. Savannakhet: I did not go to this city. No signal was detected on listed 585 kHz in Vientiane at night.

Luang Prabang: In the city strong signal on 705 kHz of Luang Prabang Provincial Radio Station. s/on at 2330UT, s/off around 1500UT. Announcing 705 kHz only. FM signal on 102.6MHz or 103.5MHz was not on air. The station seem to be on 705 kHz only. The MW transmitting tower was observed at the western end of the city along the Mekong River. It seems Luang Prabang on 705 kHz is now the only one AM station in Laos. In this country radio and television are not the major medium, even the kid Buddhist priests are using smart phones for information and entertainment. (Takahito Akabayashi, Tokyo, Japan to WOR iog 2024-02-02p)

# MONGOLIA

**Time zone:** UTC+8

**National Anthem:** <https://www.youtube.com/watch?v=Fs66Jb378wc>

## Useful Information:

- Communications Regulatory Commission of Mongolia <http://crc.gov.mn/k/1k/1v>

## Observations mid-2023:

Recently I stayed in Terelj National Park, a mountainous area 70km northeast from the capital city Ulaanbaatar. At Terelj the reception of MR(Mongolian Radio) on LW/MW was as follows:

164 kHz (Khonkhor) : all day strong and stable, but audio quality is bad

209 kHz (Choibalsan/Dalanzadgad/Ulgii): evening hours only, only one station seems to be heard, (no mutual interference), weak

227 kHz (Altai): evening hours only, weak

882 kHz (Murun): evening hours only, weak

At Terelj, only MR 164 kHz is audible with good signal. FM stations are not audible.

The aim of LW/MW transmission was to cover the wide rural areas for nomads (now about 20% of the people), it seemed to be effective in the 20th century.

According the statics of radio listeners in 2016, those who listen to radio daily are 11% in Ulaanbaator, 10% in other rural areas, those who do not have radio receiver are 56% in Ulaanbaator, 62% in other rural areas. Nowadays most people, city people as well as nomads, get information and entertainment by portable phones in this country.(Takahito Akabayashi, Tokyo, Japan)

# NEPAL

**Time zone:** UTC+5:45

**National Anthem:** <https://www.youtube.com/watch?v=i7ZvETrH-I4>

## Useful Information

- Radio Nepal is facing difficulty in maintaining old and aging AM transmitters difficulty in finding spare parts for them this what I know What receive here in Calcutta is truncated Wattage, Kathmandu operating on 75kW it actually is a 100kW Similarly Surkhet. It has also abandoned the idea of returning to Shortwave. (Sanjay Sutradhar, World of Radio 3/2020)

## Major Networks

**RNZ National** (formerly National Radio): This network carries a variety of news and music programs. All stations operate in parallel with no known local station breaks. Radio National is relayed by Radio New Zealand International at the following times:

0105-0300(0500Sa, 0600Su) on 15720

0600-0700 Daily on 9615

1400-1500 Daily on 6095

1835-1900 Sat on 6095

2235(2035Fr, 2100Sa)-2300 Daily on 15720

The website is <http://www.radionz.co.nz/>

**Coast:** Streaming audio can be heard at: <http://www.iheart.com/live/Coast-6193/?autoplay=true>

**Gold Sport:** a network of oldies stations. Website: <https://www.gold.co.nz/> stations may have 2 minutes of local ads before the hourly news, and local weather at 2-3 minutes after the hour. Otherwise, the stations simulcast.

**Today FM (was MagicTalk)** website is <https://www.magic.co.nz/> . Streaming audio can be heard at <https://www.magic.co.nz/home.player.talk.html>

**Newstalk ZB:** A 24 hour nationwide news and talk network. Local stations have brief breaks throughout the day for weather, local news, etc. Stations typically have local programming during the morning (6-8:30 a.m. local time), plus some breaks in late afternoon or for local sporting events. Local advertisements and

other announcements are also inserted throughout the day. Website: <http://www.newstalkzb.co.nz/> Streaming Audio: <http://www.iheart.com/live/Newstalk-ZB-Auckland-6187/?autoplay=true>

**Rhema** is Christian-oriented networks with outlets in all major NZ cities. As far as I know, it does not have local station breaks.

The website is <http://www.rhema.co.nz/> Streaming audio: <http://rhema.co.nz/player/rhema-stream-super.html>

**Sport Nation** is a sports network that began operation in July 2021 on frequencies formerly used by the Trackside network. It was owned by the Australian SEN network, and later sold to TAB Zealand. Initially named SENZ, it became Sport Nation in November 2024.

**Sanctuary** (formerly Star) is a Christian network. The website is <https://yourSanctuary.nz> . Some stations are also on the RNZ AM network and broadcast the NZ Parliament sessions when in session. Streaming audio: <https://yourSanctuary.nz/listen-live>

**Future Plans (2022):** Radio Pakistan will soon start broadcasting round-the-clock from all its stations in the country, the Director General of Pakistan Broadcasting Corporation, Sohail Ali Khan, has said. Addressing a meeting at Radio Pakistan in Lahore on 29 July, he said the public broadcaster was upgrading its transmitters installed at different stations so that listeners could enjoy quality transmission across the country. He said Radio Pakistan, as the voice of the nation, was playing an important role in disseminating information and providing entertainment and infotainment. He said the broadcaster was playing an effective role for the promotion of unity and cohesion across the country. Mr Sohail Ali Khan also lauded the role of Radio Pakistan in promoting and preserving arts, culture, and music since the country's independence in 1947. He said a classical music research cell established at Lahore station would be rehabilitated and renovated so it could be used as a reference section. ## NORFOLK ISLAND

**Time Zone:** UTC+11, Oct-Apr UTC+12

**National Anthem:** <https://www.youtube.com/watch?v=BC9muF4zQ4w> (probably also uses Australian NA)

According to Nick VK9DX, who lives there, 1566 is still on the air but with a "very dirty" signal. He is talking to the tech who maintains the site. Apparently there are some local programs during their mornings but mainly relays Radio New Zealand Pacific for the rest of the 24 hours. (Richard Jary, ICDX io group, 27 Jan 25)

**Time zone:** UTC+10

**National Anthem:** <https://www.youtube.com/watch?v=yTuqboqMTfk>  
**nt:**

- NBC has been currently refurbishing many of its stations. The highest priority has been for studio and office improvements in buildings condemned by local health authorities. The upgrades have also included new studio equipment and, in some cases, upgraded or replacement transmitting facilities. In 2019, funds were provided for upgrading NBC New Ireland, Morobe and Gulf. In 2020, funds were provided for NBC Western, Madang, Western Highlands, East New Britain, and Enga.

# PHILIPPINES

**Time zone:** UTC+8

**National Anthem:** <https://www.youtube.com/watch?v=-FUBJY6nco0> (Most or all stations play it at signon and signoff)

## Useful Information

- YouTube has a large number of sign-on and sign-off announcements for Philippine stations: <https://www.youtube.com/>
- This website has text of sign on and signoff announcements for many Philippine stations: [https://signons-and-signoffs.fandom.com/wiki/Main\\_Page](https://signons-and-signoffs.fandom.com/wiki/Main_Page)
- This website <https://radio.org.ph/> has streaming audio for many Philippine AM/FM stations
- National Telecommunications Commission website: <https://ntc.gov.ph/>
- **Philippine AM Station Log** is a summary of Philippine AM stations received by the author in Hong Kong. It includes recordings of sign-ons, sign-offs, IDs and other announcements, as well as links to websites, social media, and streaming audio. <http://atlantadxonlineusa.web.fc2.com/>

## Online KiwiSDR receivers:

Manila <http://kiwi.manilasdr.net/>

Talisay City (near Bacalod) <http://149.28.25.218:8073/>

## MAJOR NETWORKS

**ABS-CBN Broadcasting:** this network is currently off the air as of March 2020. It's part of a large conglomerate that also owns the country's largest television network. In recent years, ABS-CBN has been in a protracted legal battle with the government, apparently from news coverage of President Duterte's administration. For more details, Google ABS-CBN and you'll find lots of reading material. The radio network is still operating via the internet from its flagship station DZMM-630. The network's website is <https://www.abs-cbn.com/>

**Bombo Radyo** is a commercial network with about 20 stations. See the network's website at <http://www.bomboradyo.com> for station information and streaming audio. Bombo is the Filipino word for drum and has been incorporated into the network's logo and sometimes its programming. This entertaining video <https://www.youtube.com/watch?v=n2BhJNwutDU> shows how a bombo can be used to punctuate news stories. The Bombo Network corporate song is aired during signons, signoffs, and possibly other times. You can hear it at [https://www.youtube.com/watch?v=\\_b38xkEmFso](https://www.youtube.com/watch?v=_b38xkEmFso)

**Catholic Media Network (CMN)** is a network of approximately 50 stations affiliated with the Catholic Church. Some programs are simulcast throughout the country. The website <http://www.catholicmedianetwork.com/> has more information on the network and affiliated stations.

**FEBC Philippines** operates six Christian stations throughout the country. It is part of the larger Far East Broadcasting Company. The flagship is DZAS-702. The website is <https://febc.ph/>

**Manila Broadcasting Company (MBC)** owns over 500 stations throughout the country, mainly on FM. The main medium wave network originates on DZRH-666, and is relayed by approximately 20 other AM stations. The MBC website is <http://www.manilabroadcasting.com/> Pacific Broadcasting Systems' "Aksyon Radio" is a separate MBC affiliate network.

**Philippine Broadcasting Service:** PBS is a state-owned radio and television company. It operate 12 AM stations located operating under the name of Radyo Ronda, as well as approximately 30 stations operating under its own name or Radio Ng Bayan. The flagship AM stations are DZSR-918 and DZRB-738 in Manila. It also operates DZRM, which broadcasts on overseas shortwave to neighboring countries. The PBS website is <http://pbs.gov.ph/>

**Radio Mindanao Network:** RMN is a large media company. There are approximately 60 AM & FM stations in the network. About half are company-owned, the rest are affiliates. Key stations are DXCC Cagayan de Oro and DZXL Manila. RMN Network News is broadcast morning and at noontime Monday-Saturday, and late-afternoon weekdays. Some entertainment programs are also carried over the network. The website is <https://rmn.ph/>

**Sonshine Radio:** is a Christian radio network with nationwide coverage via 17 affiliated stations. DZAR-1026 is the flagship station. The website is <http://www.dzar1026.ph/> The network was placed on indefinite suspension by the NTC in January 2024, and has remained silent since then. For more information, do a Google search for SMNI and NTC.

# SOLOMON ISLANDS

**Time Zone:** UTC +11

**National Anthem:** <https://www.youtube.com/watch?v=wu9xnf11ox4> (played by SIBC at signoff)

**Notes:** "We would like to inform you that Radio Hapi Isles MW 1035 and FM 96.3 frequencies are currently unavailable due to technical problems that are beyond our control. The reason for this is the frequent power cuts in Honiara." (Christoph Ratzer to A-DX FB group 30 May 2023 via mediumwave.info)

# TAIWAN

**Time zone:** UTC+8

**National Anthem:** <https://www.youtube.com/watch?v=lvVRecQrHpU>

## Useful Information

- Taiwanese government's official lists of AM/FM stations (in Chinese): [https://www.ncc.gov.tw/chinese/gradation.aspx?site\\_content\\_sn=4172](https://www.ncc.gov.tw/chinese/gradation.aspx?site_content_sn=4172) or <https://freqdbo.ncc.gov.tw/portal/index.aspx>
- Many Taiwanese stations can be heard online at: <http://hichannel.hinet.net/radio/index.do?id=207>
- The **Commercial Radio Broadcasting Association** is an industry group with 116 member stations. Its website has a directory of member stations, as well as information on broadcasting in Taiwan. <http://www.taiwanradio.org.tw/> (in Chinese)

**KiwiSDR Receivers:** <http://bv5on.ddns.net:8073/> <http://bv3un.ddns.net:8073/>

## MAJOR NETWORKS

**Broadcasting Corporation of China (BCC):** the BCC is divided into several island-wide networks, of which three have AM outlets. The News Network operates on a dozen MW frequencies and features local and international news, weather, traffic, sports, talk shows, and commentary. The Country Network also operates on a dozen MW frequencies. The website describes programming as "colorful and entertaining Taiwanese dialect's programs with a rich local flavor make up the largest portion of its programming that includes discussions of local customs, traditions and topics of interest to the general public." The IGo AM station on 531 is mainly a news station with blocks of drama and music. The main BCC web site is: <http://www.bcc.com.tw/>

BCC News: [http://www.bcc.com.tw/news6\\_program.asp#.VgwBwMtViko](http://www.bcc.com.tw/news6_program.asp#.VgwBwMtViko)

BCC Country: [http://www.bcc.com.tw/news6\\_program.asp#.VgwUctViko](http://www.bcc.com.tw/news6_program.asp#.VgwUctViko)

BCC "I Go AM 531": [http://www.bcc.com.tw/news4\\_program.asp#.XyRkv55KhPY](http://www.bcc.com.tw/news4_program.asp#.XyRkv55KhPY)

**Fishery Radio Station (YuYe Guangbo)** operates stations on 738, 1143, and 1593. The website (in Chinese) <https://www.frs.gov.tw/> has streaming audio, as well as the past week's audio archive. There is also an English language page with information about the station and its activities.

**Han Sheng Broadcasting (Voice of Han)** operates an AM network, an FM network, and a service to the mainland. Some or all of the AM network stations have locally originated programs from mid-morning to sometime in the afternoon. The mainland service, "Kuanghua zhi Sheng", uses high powered MW transmitters on 711, 801, 846, and 981, as well as 9745 SW 0755-0105.

The website (in Chinese) is <http://www.voh.com.tw>

**Taiwan Guangbo Gongsi** is a group of nine stations. They generally do not operate in parallel, aside from a talk show called "Chénjiànchéng quánguó liánbò wǎn" 20:00-22:00LT (1200-1400UTC) on 621 1188 1206 & 1323. The stations broadcast many of the same hour-long programs but at different times. Some of them carry programs for foreign workers on Sundays. The main web site is <http://www.taiwanradio.com.tw/> with dedicated pages for each station.

## STATION NAMES IN THAILAND (Courtesy of Andrew Brade):

In March I heard two stations from Thailand - I had never actively listened for stations from that part of the world, so they were both new to me. One of the stations heard was Radio Thailand on 891kHz. An unfamiliar station heard in an equally mysterious language, I tried to work out what I was hearing. Looking at various lists, I noticed that Thai stations are often listed in an abbreviated form, and the station on 891kHz is written as “Sor. Wor. Thor.” What does that mean?

### **Sor. Wor. Thor.? What does it mean?**

Practically every Thai station seems to have an abbreviation like this, yet few people seem to be aware of what the abbreviations mean. After some time spent looking at lots of lists, it became clear that these are abbreviations for the opening consonant sounds of parts of station names. Thai language has an “alphabet” of 44 consonants, 18 vowels and 6 diphthongs. There are no spaces between words; spaces are used only to mark the end of sentences. The consonants are all pronounced with an “-or” ending and many basic consonants share the same pronunciation, while vowels and tones modify the pronunciation of the same initial consonant sound. Names like Sor. Wor. Thor. are abbreviations of the initial consonant sounds from selected words in the full station name. Nearly every MW station in Thailand uses one or more of these abbreviations.

To answer the question of what “Sor. Wor. Thor.” means we have to look at the full name of the station which is สถานีวิทยุกระจายเสียงแห่งประเทศไทย in which: สถานี means station; วิทยุ means radio; กระจายเสียง broadcasting; แห่ง of, while ประเทศไทย means Thailand. In the word “Thailand”, the first part of the word ประเทศ means “country” and then ไทย means “Thai”. These words are pronounced in romanised Thai as “Sathani Witthayu Krachaisiang Haeng Prathet Thai. Sor. Wor. Thor. are the initial consonant sounds for the letters สวท, their locations are underlined in the full station name.

The table below shows other names and their sounds. There is one special symbol, อ, called “o ang” in Thai, for which the abbreviation is Or. Or. is used when the first letter of the word is a vowel.

### ***Station Identifications***

Stations identify using both the full and abbreviated names, but mostly seem to use the full name. Station identifications usually begin “Thiini” meaning “This is”, followed by “Sathani Witthayu” (radio station) then the station name. Besides the government stations, the MW stations in Thailand are a mixed bag of military, police and other official operations. The station names often contain numbers (of regiments etc), and IDs usually include the frequency. Thai numbers are a subject in their own right!

Thanks to Alan Davies for his detailed explanation of how these abbreviations are used. His Asiawaves site (<https://www.asiawaves.net/>) has excellent lists and audio clips. Thanks also to Bruce Portzer who produces the Pacific-Asian Log <https://www.radioheritage.com/pacific-asian-log-pal-guide-january-2023-update/> , and to Ken Alexander.

For an introduction to the language, I recommend this page <https://omniglot.com/writing/thai.htm#tones> and this video [https://www.youtube.com/watch?v=09ACHI2ng2w&ab\\_channel=BananaThai](https://www.youtube.com/watch?v=09ACHI2ng2w&ab_channel=BananaThai)

## Useful Information

- Radio Vanuatu website <https://www.vbtc.vu/en/radio-vanuatu> (streaming audio not working July 2020)
- New shortwave and **mediumwave transmitters** <https://swling.com/blog/2019/09/radio-vanuatu-new-shortwave-and-mediumwave-service-through-infrastructure-upgrade> . The new SW transmitters have been put into service.
- The schedules and frequencies have varied, so the information listed below is not necessarily correct. Shortwave transmitters are being widely received on 2<sup>nd</sup> and 3<sup>rd</sup> harmonics in mid-2020
